

Hello There!

Thanks for picking up a copy of our catalog! 2021 is almost here, and we have been busy creating new collections, and finding new, luxurious subtrates to offer in the new year!

Birch Organic Fabrics was created in an effort to provide environmentally friendly textiles to the quilting and apparel community. We at Birch Fabrics believe that the sustainability of our planet begins with consciousness, and can be successful with real action. That's why our fabric is produced from 100% organic fibers and printed with low impact dye to provide comfort, beauty and sensibility.

From the bottom of our hearts, we thank you for all of your support and love over the past 10 years. There is a big world out there, and with your help, we can make a difference.

CASE PACK SPECIALS Order a case pack for smaller bolts or a discount! Case Packs include 1 bolt per sku for each poplin collection. In some cases, we offer knits and other substrates, too! Each collection page will have a case pack listing, if offered. Collection Case Packs are also available for pre-order.

SWATCH pack

Need to see it first? Order a Swatch Pack! We offer 5" squares from each sku in a collection, broken down by substrates. These handy swatch packs are typically available 8 weeks before a new collection releases.

HOW DO I WASH MY FABRIC? We suggest fabric is washed on a gentle cycle in cold water with like colors using a fragrance free, non-chlorinated detergent that is preferably environmentally friendly. We recommend drying your fabric on a low heat cycle, but the most environmentally friendly way to dry your fabrics is the good ole' fashion way... hang dry. Not only is it better for our planet, but it will also increase the longevity of your fabric and clothing.
